SATISFIED	I appreciate and like the bios and other questionnaires so we can review the candidates.
SATISFIED	Appreciate the biography attached for each candidate
SATISFIED	When you make something this easy, in this kind of election, you should get a better response. I would think. Other types of elections should not be so easy.
SATISFIED	easy peasy
SATISFIED	good bios...
SATISFIED	Early on when I first got the notice to vote I was not sure which district I was a part of and so I read all the bios, but still wasn't sure how to find out which candidate I was voting for. It read that I could vote via the mobile app, which I use to pay my bill, but I was not able to find that accessible on the app. For me that would have been the best way to do this. Ultimately, I am grateful for the email and ease of voting with the personalized link.
SATISFIED	I was glad to have the candidate videos
SATISFIED	Easy
SATISFIED	I am satisfied with the voting. I am totally NOT satisfied with the shutting down of power during the freeze and having both of our water heaters blow up. Pedernales is responsible for this and should pay for their replacement.
SATISFIED	It was fast and easy.

SATISFIED	Good info and understanding of candidates Easy process THNX
SATISFIED	We have been here for 15 years. This is the first time we have voted. We appreciated the online candidate profiles.
NEUTRAL	I would have been nice to make the DATE that online voting was available more clear.
NEUTRAL	It would've been nice to know you did not still have my email address before I voted. If you said so, I missed it.
NEUTRAL	Great online voting. Never have done it.
NEUTRAL	My first time voting, I did not see the information about which district I would be voting for, before I read ALL of the Bios.
NEUTRAL	I hope this is a more trustworthy election than the November 3rd election was.
NEUTRAL	lost connection mid-way
NEUTRAL	Wish I had more time to look into these candidates.
NEUTRAL	Why do we have to download the forms (such as the Conflict of Interest form) to look at them? Why not have those forms on the bio page so we can scroll down and look at them? I don't want to download all that stuff to my computer.
NEUTRAL	Having to reset cookies on my browser was a pain. Overall, not a bad experience.
NEUTRAL	Like that the bios were there to access.
NEUTRAL	As long as this software isn't made by Dominion Voting Systems I'm okay with it.

NEUTRAL	Appears to work okay. However, with systems like this, one has to be careful that fraud does not creep into the voting process.
NEUTRAL	Highlight candidates plan and vision to understand their stance easily
NEUTRAL	would like to see more of each individual besides only at voting time...
NEUTRAL	Easy to use.
NEUTRAL	I believe I have 2 active accounts, is there a way for me to cast a second vote. [REDACTED]
NEUTRAL	Please provide more information about the tasks / responsibilities that the a director is accountable for, in order to permit a comparison against the candidate's past experience and qualifications.
NEUTRAL	I hate any type of survey and will not provide an opinion.
NEUTRAL	The smart hub app has no place or option for you to vote
NEUTRAL	This is fine.
NEUTRAL	Hope there is easy link for the vote in Smarthub app.
NEUTRAL	Did not find a VOTE button in my App. Had to use browser.
NEUTRAL	Worked as it should.
NEUTRAL	Is this more secure than the federal elections? Will my vote be changed to the one favored by powers that be? Will former PEC members (dead people) be permitted to vote? If it is more secure, my vote won't be changed, and only current members vote, then I am very satisfied. Thank you!

NEUTRAL	I was rather disappointed to be asked to make a change in my power bill's structure, I was under the impression this was about voting for a BOD.
NEUTRAL	This is a great way to vote, as long as results are not manipulated like 2020 election.
DISSATISFIED	<p>seemed easy, the only thing I would worry about is someone getting my user and password to make the vote. Surprised we didn't have a "login, confirmation of who I am and that it is I who voted". If this is taken from the billing account email, which i'm assuming is the case, then there is a trust being made between that and the email service which is unencrypted in transit and could technically be stolen.</p> <p>If I were grading this on "easy" i would say, yes, its very easy.</p>
DISSATISFIED	It was very hard to find where you go to vote.
DISSATISFIED	During winter storm URI, only 40+ homes within our over 100+ subdivision lost power for over 4 days. We had extensive home/pool damage due to the absence of power. Never once did PEC communicate with us with updates or assist with any of the financial burden. It was also surprising to see our bill the highest it had even been since moving into our home, even though we were without power for almost a week.
DISSATISFIED	I was never asked for my ID number or my password in order to submit my vote online.

DISSATISFIED	This is the first time I was able to find any information on your site about Anthony Hurley and I had to access the ballot to get to it!! You all made it very easy to find info on Milton but much more difficult to find it for his opponent. That's not right.
DISSATISFIED	Rule One in marketing: KEEP IT SIMPLE! It seems like it took forever to learn how to vote. Why not a simple, easy to get to website (such as http://pec.coop/VOTE) that would provide everything one needs.
DISSATISFIED	It was hard to find the ballot access. It should be on every member's account page.
DISSATISFIED	It took at least 20 minutes to figure out what district I was in. Why is that information not anywhere on smart hub or my digital bills? I had to Google a district pec map and guess.
DISSATISFIED	Got PEC mail on voting yesterday Went online and got a message that voting was not open. Called and was informed that voting opened today. The mailed voting instructions did not state that voting started on May 19. Hopefully, members were not confused and just won't vote--- not a good thing.
DISSATISFIED	Link on pec.smarthub.coop redirects to null then bounces to this directvote site. This left me feeling unsure the vote would be counted correctly. Also, not obvious from candidate info page whether candidates were "at large" or not. A link to district boundaries would have been helpful, because not every coop member knows which district they're in. Confirmation emails are good though.
VERY DISSATISFIED	Very well organized and able to read the bios easily.
